

The Lyrebird

TERM 4 NEWSLETTER

It was another busy year at Mullumbimby High with the students excelling across the curriculum, on the sporting field and in the community. A huge thank you to all our staff who turn up every day to provide the students with world class educational opportunities, support and encouragement and help make Mullumbimby the best comprehensive high school on the North Coast.

Our Year 12 students did themselves, their families and the community proud with the way they carried themselves and stepped up as true leaders and role models, with many of them being recognised at state level for their work and performances in the Creative and Performing Arts, English, Science, Maths and TAS. There was a lot of love in the room at the Year 12 formal. Congratulations to everyone on their HSC Results, that were outstanding across the curriculum, and on the behalf of all at the school I would like to wish them all the best on their journey ahead. (Pictured here: Year 12 enjoying their results on Wednesday)

We welcomed a new cohort of Year 7 students to the school and enjoyed getting to know them and helping them become part of the Mullumbimby High School Community. They had the opportunity to go on the Year 7 camp, have several activity days together, participated in our RIOT sessions, go on excursions, participate in sporting carnivals and learn a whole new range of skills across the curriculum.

Our students once again went off to Italy, the snow, sailing at South Passage and a range of different camps. Our Year 10 students had the chance to experience what it's like to attend TAFE with our taster lessons. Year 11 went on our annual Queensland University tour, where they get to explore several university campuses and get a taste for Uni life.

Our school grounds, resources and buildings have never been in better shape with the rebuild of the school finally completed in late Term 3. The staff and students have enjoyed working and learning in these amazing new spaces.

2025 will see us welcome two new staff members to the Senior Executive team in a relieving capacity. Bree Harvey-Bice will be acting as relieving Principal for Term 1, with the possibility of that being extended and Joshua Edwards will be relieving as Deputy Principal for the year. Both come with a wealth of experience and a passion for public education and are keen to contribute and be a part of Mullumbimby High School.

We all look forward to 2025 and once again working together with the whole community to provide the best comprehensive education we can for the young people in our care.

On behalf of all at the school, I would like to wish everyone a safe and happy holiday.

Cameron Johnson, Principal (Relieving)

MHS Students Excel in HSC with Outstanding Results

Mullumbimby High School is thrilled to celebrate the remarkable achievements of its 2024 Higher School Certificate (HSC) students. This year, the school recorded an impressive 117 Band 5/6 results across all subjects showcasing the hard work, determination, and talent of our students and demonstrating the school's commitment to fostering success across diverse disciplines

An outstanding 30% of our students undertook one or more Extension subjects across a range of disciplines, including Mathematics, English, Science, and History. These rigorous courses push students to achieve their personal best, and our results reflect their dedication to academic excellence.

"Our students have displayed incredible resilience and ambition in achieving these outstanding results," said Mr Cameron Johnson, Principal Mullumbimby High School. "Their success across Extension subjects and a wide range of courses is a testament to their hard work and the dedicated support of our teaching staff."

MHS congratulates all students on their exceptional accomplishments. We are incredibly proud of the Class of 2024 and can't wait to see all the amazing things they will achieve in the years ahead.

SUCCESSFUL FUNDING: Byron Shire Mayoral grant

The P&C is delighted to share that they have been successful in receiving \$300 from the Byron Shire Council Mayoral Fund to support the purchase of a secure tool shed for the Inclusive Education Unit Garden. The P&C will contribute the remaining funds required to activate the shed purchase in the New Year.

UPDATE: Wellbeing Hub "Garihma" & Tutorial Space

The P&C has received positive news related to the retention of the Wellbeing Hub "Garihma" and the Tutorial Space.

The Department of Education has indicated to the school for it to continue scheduling the use of both spaces. Although there are no indications of a definitive timeframe, it appears that the spaces will continue to be kept and used as intended during 2025.

THANK YOU to all that wrote Letters of Support, media releases and made some noise about how vitally important these resources are to our kids!

UNIFORM SHOP: Volunteers required

The P&C would like to express their enormous THANKS to Caterina Barry for leading the organisation of the School's Uniform over the past years. Caterina has dedicated many volunteer hours to the shop - a valuable role which serves as an important revenue stream for the P&C.

Can you assist? The Uniform Shop is seeking 3 volunteers for the school open days for the beginning of the new school year and would love helpers for each of the days:

- 9am - 12pm Saturday 1 February
- 9am - 12pm Monday 3 February
- 9am - 12pm Wednesday 5 February

School starts for students on Thursday 6 February. If you can assist on one or more of these days, please reach out to Amy on the details below.

NEXT GRANT PROJECT

We're excited to see some new opportunities for funding of infrastructure become available and will be applying for grants in the New Year. If this is an area you have interest in and have some capacity to assist, please reach out. Please note that we have a team of people to work with ... many hands make light work!

Next P&C Meeting: Monday 24 February at 5:30pm in the School Library

P&C Contact details:

Email: mullumbimbyhighpandc@gmail.com

Phone: Amy Colli (0429 804 890)

Thank you to the following individuals, businesses and organisations for supporting our end of year presentations:

The family of Lesley McPaul AM,

Amy Colli - P&C President,

Sue Constable on behalf of CWA

Wanita Nichols of Brunswick/Mullumbimby Lions Club

The Australian Defence Force

Ampol Caltex

Byron Shire Council

Rotary Club

The Mullumbimby Bookshop

Quota Club

Dr Suresh Memorial Scholarship

Premier Sporting Challenge

Bunnings in Ballina

Mullumbimby Woolworths

& many more!

all the parents and the staff who organised our events this year!

ENGLISH FACULTY

It has been a massive term 3 and 4 for our faculty. We've dressed up, decorated doors, coordinated

debates, cried as we farewelled our Yr 12 students, marked essays and stories till our eyes blurred and heads ached (and we'll be doing more of it throughout the school break), and marvelled at the creativity of our students! And when we weren't doing all that, we did our very best to nurture a love of literature in every student in our school.

Wear It Purple Day

This year the English Faculty sadly didn't win the Wear It Purple Day door competition, but we gave it a red-hot go! We created a door highlighting the LGBTQI writers openly and visibly achieving their dreams in literature - over the ages.

This is one of our favourite days of the year, as it gives us an excuse to go over the top in celebrating gender diversity in our school and community. More importantly, we love putting on our larger-than-life displays and inviting students to join us in being creative and sharing their art and stories.

Byron Writers Festival

This year the English excursion to the Secondary Schools Day of the Byron Writers Festival in Bangalow proved to be another exciting and enriching day out. It was a wonderful excursion, and students made the most of the opportunity to spend time listening to stimulating and thought-provoking panel discussions, as well as buying books, meeting authors, and spending time with other like-minded students from a host of high schools from both near and far.

Book Week

Ms McCarthy (the White Rabbit) orchestrated our first proper Book Week in some time, with scavenger hunts, book borrowing competitions and the obligatory dress up day. The English Faculty dressed up as characters from Alice in Wonderland - what a classic! (Yes, pun intended).

Debating Challenge

This term saw students in Years 9 and 10 compete in the Premier's Debating Challenge. Four very special students represented our school in the North Coast Zone and were victorious in two of their debates. Unfortunately, Mullumbimby was pipped at the post by Byron High School in the final stage. However, we still finished second in the zone which is a fantastic achievement for all involved.

Year 7 - Indigenous Voices

This term, Year 7 has been exploring the importance of our First Nations Peoples and their voices. They have each selected an Indigenous Person who is important and interesting to them and researched their histories and activism. This research and biography ultimately culminated in Year 7 presenting their findings to the class and educating their peers about the important and amazing Indigenous Voices in our country.

Year 8's Museum of Belonging

In Term 3, Year 8 students have explored the concept of Belonging through a variety of texts in English. These texts represented ideas around belonging and not belonging, and the way this feeling can vary and is shaped by personal, social and cultural contexts. Students considered their own experiences of belonging and the connections they may have made with people, places, groups, communities and the larger world. From this study our students created a visual representation of their understanding and feeling of belonging, their choices, or the barriers that may exist for them. We created a Museum of Belonging to showcase their work and allow their creative voices to shine. Their pieces are varied and unique and teachers and staff are enormously impressed with their effort and skills. Great work Year 8 students.

Year 9 – Documentary study

This term, students have been studying the codes and conventions of documentaries and the way documentaries shape our understanding of various issues. We analysed documentaries that explored social issues, considering both the messages contained within them as well as the methods used to engage audiences. We also examined the primary stakeholders in documentary filmmaking, considered the bias evident even in nonfiction texts, and discussed the importance of not believing everything we watch. Students have confidently delivered a presentation analysing a documentary of their choosing to their classmates - there are some fascinating documentaries to be seen!

Year 10 - Discursive feature article writing

This term has challenged Year 10 to both examine texts and their thematic qualities, and to then compose discursive pieces that explore (from their own perspective) the themes evident in those texts. Some classes studied 'Emma' vs 'Clueless' and others explored the text 'The Outsiders'. In all cases, the focus was on looking at how the medium (film or novel) depicted the issues faced by characters. Students then wrote their own discursive articles, exploring a theme of interest to them and articulating their own perspectives and experiences.

Year 11

This final term of Year 11 required students to engage with texts in a deep and considered manner, and to prepare for their final Preliminary exams. Students have worked hard on assessment tasks and in revising modules. Our English Studies students also worked very hard on their portfolios, so much so that Ms Gemma Veriga-White was able to reward their efforts with an excursion to Warner Bros Studios on the Gold Coast to learn about film making as part of their Big Screen module. It's been a big term, and students have earned the next two weeks off before they embark on their final Year 12 studies.

Year 12 - Bon Voyage!

In their last ever term of school, Year 12 has continued to prove how hardworking and diligent they are. Our Extension 2 students have worked tirelessly to complete their major works and submit them for marking. These projects have been a year in the making so a huge congratulations to all Extension 2 students.

We supported our Yr 12 students in the lead-up to their Trial exams and then marked the several hundred pages worth of work they lovingly generated at said exams for us to mark.

As we neared the end of their time with us at school, we helped them revise all the content of the past year in readiness for their HSC, and then hosted such fun class parties - such a joyful time!

Finally, on the last week of Term 3, the English faculty (together with the CAPA faculty) coordinated the Yr 12 Graduation Ceremony. It was a delightful send-off and many a celebratory tear was shed.

Astoundingly we have come to the end of another year filled with learning and the exploration of new ideas, texts and concepts. Across the grades, everyone has worked hard and is ready to progress into the

next year of English. Thank you to all of our wonderful students for their dedication and enthusiasm over the year. Have a wonderful holiday break.

Year 7

In Term 4, Year 7 has been exploring the Hero's Journey, a common template of stories that involve a hero who goes on an adventure. Students have learned about film techniques and have applied these techniques to a film. They have also been learning how to write extended responses in preparation for year 8.

Year 8

Year 8 has learned how to do the 'hard sell' through developing excellent persuasive advertising campaigns, selling all kinds of products: existing and made up. Students then had to pitch their ideas to potential investors (the class) in the style of Shark Tank. We have some budding advertising executives in our midst - they were so professional!

Year 9

Year 9 have been delving into the world of crime fiction and have become experts and identifying the codes and conventions of the genre. We have read classic crime fiction extracts and viewed crime fiction films, culminating in a persuasive film review. Elementary Watson!

Murder on the Orient Express

2017 film, by Kenneth Branagh and written by Agatha Christie

This timeless masterpiece is a treat for the mind, a must see mystery for hungry thinkers. Murder on the Orient Express, the famous classic tale is packed with mind-twisting suspense, action, and tricks to throw you off course. Will you fall for the misleading red herrings? The film stars famous Mr Hercule Poirot, the world's best detective in an unexpected murder mystery of Sir Rachett. While catching the Orient Express train in the dense, snowy mountains, Poirot and a cargo of wealthy passengers all get stranded due to the trains derailing in the heavy snow.

Year 10

Earlier this term, Year 10 completed their RoSA exam to great success. Post exam, classes have been completing a classic novel study, exploring what the literary canon is, who is included and why. They've had a crash course in how to apply literary theories to their chosen novel and have written a literature review of their text. Understanding and applying critical literary theories is certainly a challenge and students have risen to the occasion. We think they will transition spectacularly into Stage 6. Well done Year 10.

Year 12

Congratulations to our cohort of Year 12s who have just completed their first term of their chosen English course. It flies by! Everyone is evolving into the Year 12 mindset of learning, studying and completing assessments. This is commendable considering the rest of the school is winding down for the year, but our 12s must maintain their focus and energy for learning.

The Advanced English group have completed an in-depth analysis of how Arthur Miller's allegorical play, *The Crucible*, explores individual and collective human experiences, whilst comparing and contrasting it to a text of their choosing. This was accompanied by engaging and professional presentations of their findings to the class.

The Standard English classes have been exploring the individual and collective human experience in Favel Parrett's *Past the Shallows* composing an in-depth analytical essay as well as presenting a text of their choosing in a multi-modal presentation to the class.

The English Studies group have also been studying the human experiences portrayed in the beautiful film *Billy Elliot*. They have responded to this text with an analytical essay.

**INCLUSIVE LEARNING
FACULTY**

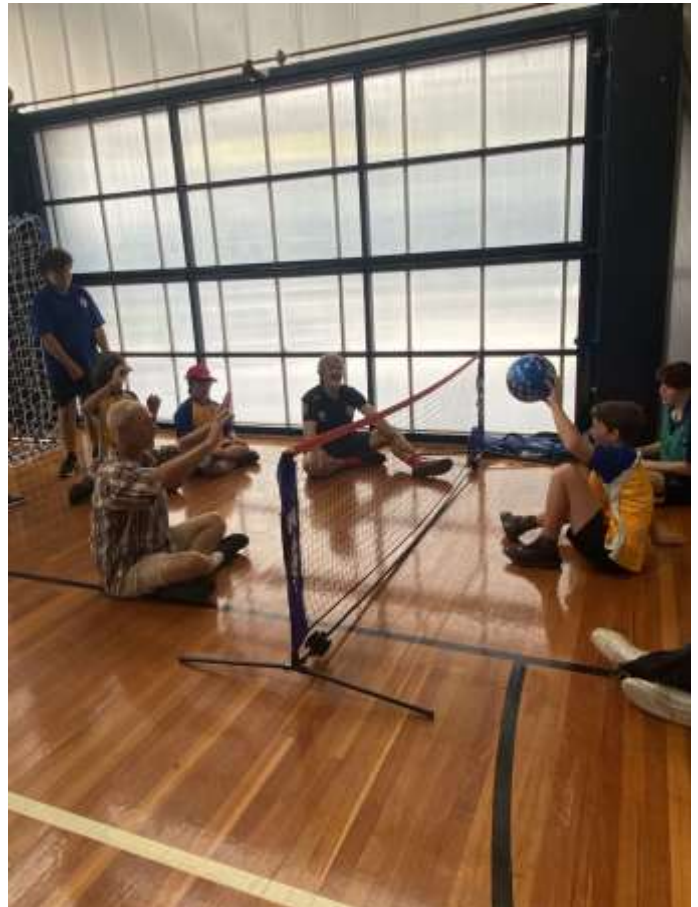

An excursion at Killian Falls this term on a very hot day, which was so much fun!

Participating in the Ocean Shores Art Show

Multi-Sport Activities Day at Ballina Sports Centre

Excursion to Brunswick Heads

Gus graduates and attends the Year 12 Formal

Gus Strickland from the Inclusive Learning graduated with his Year 12 cohort and attended their Formal accompanied by his friend Billie. It was a very joyful experience for everyone involved.

He also got a chance to do a fun picture at the photo booth with teacher Rosie Wild and support staff, Ann Esposito.

Our best wishes to Gus and his family as he moves on to the next chapter of his life.

Lake Ainsworth Inclusive Education Camp

Louise Reynolds retirement

Louise Reynolds who has been a support staff in the Inclusive Learning Centre for many years was farewelled this term. Some ex-staff members also attended.

Thank you for all your support and our best wishes to Louise on her retirement.

BREAKFAST CLUB

After 6 years of helping us to run the Mullumbimby High School Breakfast Club, and much longer as a Teacher's Aide, Louise Reynolds served her last Breakfast Club Breakfast on Monday 16 December!

Thank you to Lou for her unwavering support for our students' wellbeing.

Thank you also to Mrs Thompson, Woolworths Mullumbimby, IGA Mullumbimby, Kellogg's, North Byron Farms and The Mullum Bakehouse, who's generous donations allow the Breakfast Club to provide a healthy and delicious breakfast to our students every week.

CAPA FACULTY

A Spectacular End to the Year for Music at Mullumbimby High School!

This year has been nothing short of extraordinary for the Music Department at Mullumbimby High School. From breathtaking performances to students proudly representing the school in the wider community, the level of talent and dedication displayed has been truly remarkable. The energy and passion for music have reached new heights, with students from all year levels embracing opportunities to shine. Whether on the assembly stage, at local venues, or during major school events, our students have consistently demonstrated their commitment to excellence in the arts. Their creativity, hard work, and collaborative spirit have made this year an unforgettable chapter in Mullumbimby High's rich musical story.

CAPA 2024 Showcase

The Creative and Performing Arts (CAPA) Showcase was a standout highlight of the year, bringing together students from across all year levels to deliver exceptional performances. The night was a true celebration of the arts, with stunning musical acts, visual displays, and theatrical presentations capturing the spirit of creativity within our school. From classical ensembles to contemporary showcases, the talent on display left audiences inspired and in awe. The CAPA Showcase not only demonstrated the artistic flair of our students but also served as a reminder of the incredible support and pride within our school community.

Year 12 HSC Performances

A milestone moment this year was the HSC music performances by our talented Year 12 students. These dedicated individuals poured their heart and soul into their work, delivering performances that were both technically impressive and emotionally powerful. From intricate classical pieces to innovative modern compositions, the students' artistry and dedication shone through, earning praise from teachers, peers, and external assessors alike. A particular highlight was Satria Sutena's outstanding performance, which earned him an Encore nomination—a prestigious recognition of excellence in HSC

music. These performances were a true celebration of the students' hard work and musical journeys, and we are confident that they will continue to thrive and make their mark in the world of music and beyond.

Assemblies and School Events

Throughout the year, our students have consistently impressed the school community with exceptional performances at assemblies and various school events. From captivating solo acts to dynamic small ensembles, each performance showcased not only the musical skill of our students but also their growing confidence and passion for the arts. These moments have become an integral part of school life, fostering a culture of artistic appreciation and celebration among students and staff alike. The enthusiasm and dedication displayed by

our performers have enriched the school community and highlighted the incredible talent within our Music Department.

Representing Our School in the Wider Community

This year, our music students have had the privilege of performing at various venues across Mullumbimby and the surrounding community, including local festivals, concerts, and competitions. Their performances have been met with enthusiastic applause and glowing feedback, further solidifying our school's reputation as a hub of musical excellence. These opportunities have allowed students to connect with wider audiences, share their talent, and build lasting memories. The pride they've brought to Mullumbimby High is immeasurable, and their contributions have left a lasting impression across the town.

As the year draws to a close, we reflect with immense pride on the incredible achievements of our music students. From the dazzling highlights of the CAPA Showcase to the outstanding efforts of our HSC students and the enthusiastic participation in community events, this has been a year to remember. Mullumbimby High's music program continues to thrive, and we can't wait to see what the future holds for our talented students. Here's to another year of creativity, collaboration, and unforgettable music! **Mr Joshua Sharp**

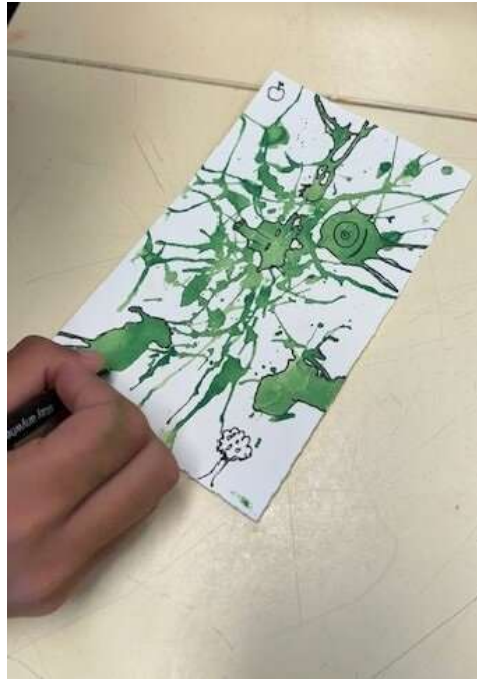

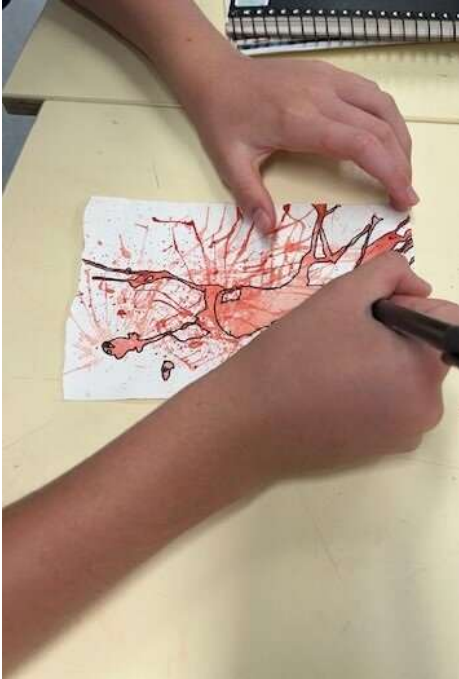

Participation of our school at the annual Ocean Shores Art Expo

Our students entered the annual Ocean Shores Art Expo this term, with artworks in many categories including sculpture, watercolour, painting and charcoal. We had many winners, and highly commended. MHS also received a special mention from the judges on the high quality of the artwork from MHS students. We are very proud of the work and dedication of MHS Visual Art Students. Here are some of the students' artworks on display.

Year 7 have been making artwork inspired by the major work of Year 12 student Georgie Osborne. Georgie's major work uses surrealist techniques that explore the subconscious mind. Through continuous drawing, Georgie's artwork invites audiences to discover the images and characters provoked by their subconscious, for the sake of self-nourishment and enjoyment. You can see here year 7 students playfully exploring the possibility of their imagination.

Students in Year 7 works

Year 12 Georgie Osborne Major Works

DRAMA

Year 10 Drama students perform Peter Pan along with a host of other children's stories to the students at Ocean Shores Public school.

SCIENCE FACULTY

Science Extension Class

Mullumbimby High's first ever Science Extension class all completed the HSC course and will all be published in the Department of Education's Journal of Science Extension Research - vol. 4, 2025. This is a huge accomplishment for the students.

This scientific journal is a celebration of students' achievements in scientific research in the Science Extension course. It illustrates the depth and quality of scientific output that our inspired high school science students can produce when unfettered by content-driven investigations. **Ms Brodee Jeffrey**

(L to R) Nina Colli, Rotem Hadad, Ms Brodee Jeffrey, Henrietta Barry and Klare Constable.

Biology Excursion

Year 12 students were lucky enough to see the brewery at Wandana in full swing as it was their brewing day the morning we arrived. The students are studying microbiology and fermentation as one of their first topics for the HSC. During the visit, students learned about the brewing process, from the array of enzymes used to produce the sugars to the different types of yeast used for each type of beer in the fermentation process.

In an Australian first, Wandana uses sound vibrations, ie. different types of music for each type of beer that increases the fermentation process by up to 30% and adds different flavour profiles. And yes! it's backed up by science.

We would like to thank our expert tour guide Rupert for his time and passion in showing the students the hands-on way to integrate learning with real-world applications, and the importance of sustainability in commercial practices. **Mr Mat Hall**

Marine Studies

Year 12 Marine students ventured to the Tweed River late in the term for an industry related excursion. On the Catch a Crab tour, this educational day had lots of fun with students learning about the biology and aquaculture of Mud Crabs and Oysters. After a nourishing fish and chips lunch we heard about various employment opportunities from different groups related to the marine industry.

Movie World for the Physics Class

The HSC Physics class went to Movie World to study real world applications of advanced mechanics, particularly circular motion, in roller coaster rides. Students collected data both on the rides and by timing them from the ground. They will complete calculations to analyse the forces, energy and motion involved back in the classroom. Thank you to Mrs Langtry for driving them.

Mrs Brodee Jeffrey

PDHPE FACULTY**Gymnastics**

This term, in PDHPE students have been embracing the challenge and excitement of gymnastics during their lessons. With a focus on developing strength, flexibility, coordination, and balance, students have explored a variety of movements and routines designed to enhance their physical skills and confidence.

Students have learned the fundamentals of gymnastics, including floor exercises, balance activities, and tumbling techniques. Emphasis has been placed on safety, teamwork, and personal growth.

The highlight of the unit has been witnessing students work collaboratively to create group routines, combining their individual skills into polished performances. This not only showcased their athletic ability but also fostered creativity, problem-solving, and communication skills.

Learning Journey interviews

Our Year 7–10 students have successfully participated in their Learning Journey interviews, a unique initiative designed to celebrate their achievements, reflect on their learning, and provide valuable interview experience.

Throughout the process, students presented a task or multiple tasks they had completed this year, highlighting their dedication and growth. To prepare, they curated or expanded their digital portfolios and used a set of guiding questions to articulate their learning journeys.

This event not only celebrated the students' personal success but also provided a platform to cultivate critical thinking, self-reflection, and real-world readiness. We are incredibly proud of the enthusiasm and effort demonstrated by all participants and look forward to seeing them apply these skills in their future endeavours.

Outdoor Education camp

The Year 9 and 10 outdoor education camp at Lake Arragan provided students with an unforgettable experience, combining adventure, camaraderie, and the stunning natural beauty of the Australian coastline. Over the course of the camp, students immersed themselves in a wide range of activities, from riding the waves during exhilarating surf sessions to casting lines for a relaxing afternoon of fishing. Each surf lesson brought thrills and laughter, as students challenged themselves to master the waves, while fishing provided a quieter moment to appreciate the peaceful

surroundings and the satisfaction of patience and persistence.

Bushwalking expeditions allowed students to explore the diverse flora and fauna of the area, revealing hidden trails and spectacular coastal views. Through shared experiences, students formed new friendships and strengthened existing bonds, fostering a sense of teamwork and connection that extended beyond the camp activities.

Evenings were spent reflecting on the day's adventures and enjoying time around the campfire, where stories, laughter, and the starry sky added to the magic of the experience. The Lake Arragan camp provided memories that will last a lifetime.

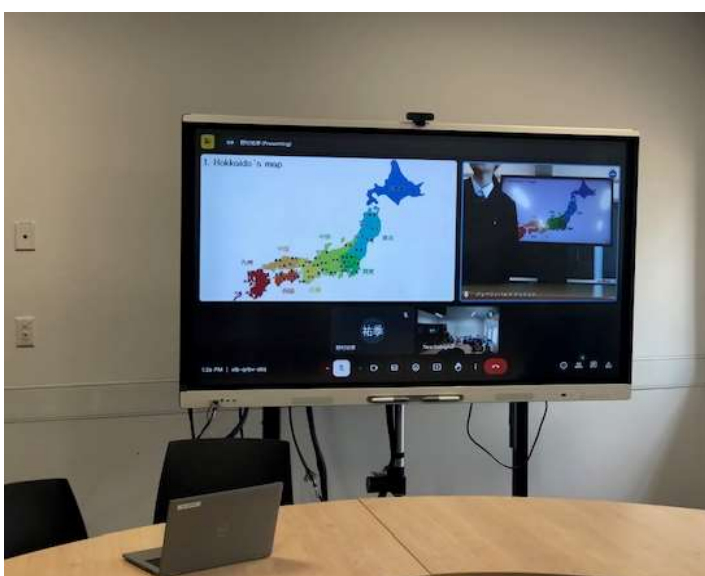

Part of the Outdoor Education course involves our students appreciating the variety of benefits we gain from connecting with the natural environment. The course aims to support lifelong health, well-being and relationships through exploration and experience of the outdoors. There is a particular focus on local area landmarks, so for our last double period of the year we visited Boogarem Falls.

MEETING WITH OUR JAPANESE FRIENDS FROM TOSHIMA ISLAND

Ms Tara Gallagher organized a Zoom meeting with our Japanese exchange students who came in Term 3. The host students from Mullumbimby High School and some of their friends joined the meeting. Our Japanese students had prepared a PowerPoint presentation in English on places of interest in Japan such as the island of Hokkaido, Sapporo's ice statues, the old city of Kyoto and Nara. They also showed us some natural wonders from their island of Toshima, various festivals and the learning opportunities they have. When they turned the camera so we could see the view from their classroom, we all gasped at the amazing view over the ocean and the neighbouring islands.

Thank you to the teachers in Toshima and Mullumbimby for organising such a great fun learning experience.

SPORTS ACHIEVEMENTS**Rugby**

Mullumbimby High School Under 16's Rugby League team take the honours at the NRL Titans 7s Competition.

A late season Rugby League 7s opportunity for our U16's boys gave them one last chance to showcase their skills after their club grand final win just a month or so earlier.

Our team: Jordy Barnes, Finn Britian, Dallas Browning, Tristan Burgess, Aiden Gersh, Chase Hall, Klay Jones, Ben McCallum, Cohen Robinson, and faithful water boy Taylor Simpson (injured) all played well and progressed through the pool stages easily, finishing in first place. That result pitted them against a dangerous Ballina Coast High School team in the final. The boys went about their business with enthusiasm in both defence and attack and importantly scored the first try thanks to some elusive foot work from Dallas Browning. Klay Jones and Aiden Gersh were both on fire and the Mullumbimby boys got out to three tries to one lead. Ballina were awarded their second try despite some desperate last line defence from Klay, who was sent from the field in controversial circumstances after the was awarded. Following the send-off Ballina came charging back and took the lead four tries to three. Just before full time Finn Britian slipped through a gap and dived over to tie the game at four tries all. Full time was blown, and the boys had secured the win due to them scoring the first try of the game.

Aiden Gersh was a pillar of strength throughout the game, often shattering the defensive line and scoring two great tries. Jordy Barnes was best on field in the final, he played tirelessly, taking the hard runs and cutting down Ballina's big boys in defence.

Mr Binkley.

Congratulations to the above students who made it at the North Coast and Far North Coast level in the Combined High Schools competitions in 2024!

North Coast School Sports Blue Award

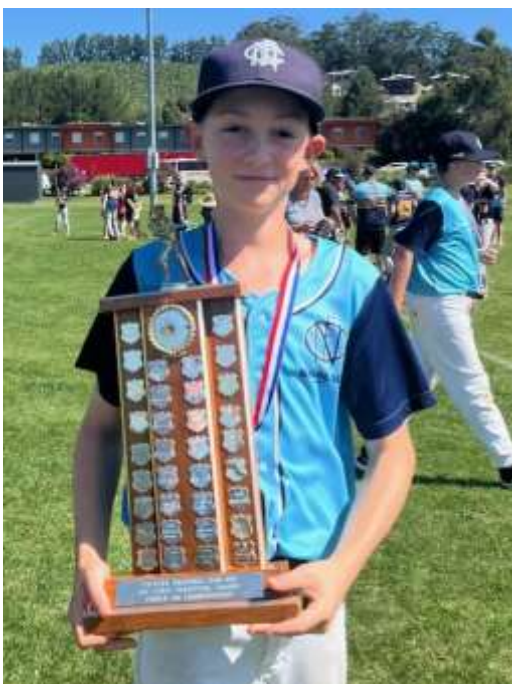

The Most prestigious award from the NSW School Sport Association was presented to Year 12 student Marielou Baudouin.

Marielou was awarded the North Coast Blue Award for outstanding performance in Tennis during 2024. She was deemed as worthy of this award having consistently displayed the highest level of performance, attitude and fair play.

North Coast School Sports Recognition Award

Lilly Donnelly was awarded the North Coast Sports Recognition certificate for her achievement in football. She was deemed as worthy of this award having consistently displayed the highest level of performance, attitude and fair play.

Baseball Champion

Congratulations to Patrick Nielsen-Garrett in Year 7, played in the Country Championships baseball tournament in Coffs Harbour over the September holidays. The team who represents all of the Far North coast area and train in Lismore won their division in the tournament. A great achievement for this Far North Coast U14's team.

Patrick also won the award for the Most Valued Team Spirit.

YEAR 11 visit the Hijinx Hotel for a day of fun filled activities and team building

AGRICULTURE

It has been another wonderful and very full term in agriculture in term 4. We would like to thank our Year 8 classes, the 100- and 200-hour stage 5 classes and our year 11 class for all their amazing efforts and contributions in their respective courses this year and wish them all the very best in 2025. It has been an educationally fruitful journey, where we have seen them grow and prosper as agricultural students. In term 4, students completed their tractor training, helped extend our Ag farm bushtucker garden, built on their cropping skills and farm management, developed animal husbandry and propagation skills, investigated careers in agriculture, helped repair our Ag farm fencing, constructed temporary electric fencing, discovered new technological innovations in agricultural science and learned how valuable and fun it is to succeed working as a team towards a group outcome.

MATHEMATICS

On Friday 29th November, 8 of our Year 8 Maths wizards ventured to Banora Point High School for the annual Maths Olympiad challenge. These legends took out first and second place and subsequently we won the overall "Best School Award". It was a day of arduous mental gymnastics, but nothing could faze this amazing bunch!

Congratulations to Charlie Mckenzie, Jemilla Ganly, Sol Sandison, Cleo Osborne, Oliver McHugh, Mira Brittain, Zacary Johnston and Amiee Patterson for upholding Mullumbimby High School values and ultimately "playing the game."

BUSH FOOD GARDEN

'Slowly but surely our new school bush food garden is taking shape. Sending out a big thank you to:

- Uncle Franc at Fingal Head Public School for sharing his knowledge and giving a tour of their extensive bush food garden.
- The students and staff from the Hands On Learning project in Term 4 2023 for the hard work they did to make the wooden garden bed terracing, clear the area of debris, and fill the garden with soil (huge job)!
- The staff and students who helped plant the seedlings and, more recently, weed, mulch, and name tag the plants.

A big improvement already on the patch of earth that was there!' – **Ms Kellie Gough**

HUMAN SOCIETY AND ITS ENVIRONMENT**Business Studies and Commerce 2025**

Our Business Studies and Commerce students participated in several competitions and workshops this semester.

Two students from Mullumbimby High School secured second place at the Plan Your Own Enterprise competition. Competing against 114 entries in the group division, their innovative business plan and pitch for a mobile butcher service offering ethical butchering and processing impressed the judges. Their success highlights the students' ability to apply business concepts to real-world contexts, showcasing their skills in business operations and functions.

Social Media and Content Creation Workshop

Year 10 Commerce and Year 12 Business Studies students participated in a social media and Content Creation workshop hosted by *Media for Millennials*. This course taught highly desirable and transferable employability skills. Students were also shown how to use social media as a business tool and explored career opportunities in this industry before creating their own digital media advertisement.

Entrepreneurial Mindset Webinar and Guest Speaker

Students attended the Launch Your Career Webinar hosted by TAFE NSW. This webinar connected students with industry experts to explore career pathways. The webinar outlined the importance of developing innovative thinking and the approaches to thinking like entrepreneurs.

Year 10 Commerce students were also lucky enough to have guest speaker, James Safajou, come into class. James is currently a mortgage broker but has also successfully operated several businesses within the Byron Shire. He discussed the importance of saving, setting yourself up for the future, and maintaining a good credit rating. He also offered excellent general advice and pitfalls to avoid as the students' progress towards independence.

"An entrepreneurial mindset - a critical mix of success-oriented attitudes of initiative, intelligent risk-taking, collaboration, and opportunity recognition" (Aspen Institute)

ASX Schools Share market Game

Year 10 Commerce students learnt about investing and the Share Market. Each received a virtual \$50,000 to invest over 10 weeks. The prices students bought and sold were the same as those in the live market, so this was as close as you could get to real-life share trading.

FROM THE CAREERS' OFFICE

Mullumbimby High School is a participating school of the Educational Pathways Program (EPP) a Department of Education initiative that complements existing careers

education activities. In addition, our students are engaged with industry opportunities coordinated by the Regional Industry Education Partnerships program and CONNECT Northern Rivers. We thank Vanessa Perrin, Head Teacher, Careers, EPP; Rachel Copeland, SBAT Engagement Officer; Tracy Bolt, REIP and Ben Swords, CONNECT NR for your continued support of students at Mullumbimby High School and providing a range of career education opportunities. Special thanks also to the Mullumbimby High School Executive, SASS Team, Year Advisers and staff for continually supporting the MHS career program.

VET AMBASSADORS

Week 1 of Term 4 started with the EPP initiative of VET Ambassadors sharing career pathways with Year 9 and Year 10 students. The EPP VET Ambassadors shared their personal experiences and answered questions from students about interest areas, study plans and career goals. The four VET Ambassadors have backgrounds in Retail; Early Childhood Education and Care; Construction; Automotive and Digital Communications and Media.

A highlight was when VET Ambassador, Ammaleah Astruc, recognised a student she had met over three years ago at Mullumbimby High School and was able to follow up on the career pathway of Kaliyah Browning, Year 12 student, who graduated this year, completing a School Based Apprenticeship and Traineeship at Brunswick Heads Public School and attaining the Cert III in School Based Education Support.

EPP START YOUR FUTURE

An EPP initiative with Year 10 students attending an eight-week course at Kingscliff TAFE to explore VET pathways. This term, students have been involved in Bakery, Automotive and Barbering. From this experience over the past year, we have students heading to study an External-VET course at TAFE as part of their senior studies in Aviation, Bakery, Early Childhood Education and Care, Maritime Operations and Electrotechnology. Most of these courses are two years and Year 10 students have needed to finalise their application by end of this term.

INDUSTRY VISITS – Byron Bay Wildlife Sanctuary and Bunnings Byron Bay

Year 9 students studying via the Mullum Project were engaged in industry visits to explore career pathways in Animal Care and Wildlife Rehabilitation, Hospitality, Landscape Construction, Event Management, Logistics, Retail, Maintenance and Management. Thank you to both Lisa Wood, Byron Bay Wildlife Sanctuary and Lauren Napier, Bunnings Warehouse Byron Bay and your teams for sharing with us many different career pathways within each organisation.

YEAR 10 LEARNING JOURNEY INTERVIEWS

Mullumbimby High School students are engaged with presenting their educational experiences and learning from the past year as part of the Learning Journey program. With Year 10 students, we engage local employers to undertake the interviews with Year 12 and Year 9 students. This enables students to build confidence and gain feedback not only on their learning, also on preparing for an interview with being professional, gaining skills in presentation skills and being mindful of their body language. We sincerely thank the Mullumbimby Chamber of Commerce for engaging with our school to promote this activity amongst members.

A big shout out and THANK YOU to the following EPP Careers Team and local employers who were involved in this year's Learning Journey interviews:

- Mullum Coop - Ian Frian, General Manager
- Byron Shire Council, Katrina Blewitt
- Collision Repair Centre, Billinudgel – David Randle
- Byron Community College – Anne Stovin, General Manager
- Head Teacher Careers, EPP - Vanessa Perrin
- SBAT Engagement Officer, EPP - Rachel Copeland
- DET Pathways Engagement Officer - Rikki Bowden
- CONNECT Northern Rivers, Youth Engagement Officer - Ben Swords
- Southern Cross University Ambassador - Morgan
- Paul Prior, First National Byron Bay
- Julia Coulter, Santos Organics.

QLD UNI Tour

An amazing trip was had for the annual Queensland UNI tour where we visited five Universities over two days and stayed overnight in a UNI Residential College – St Leo’s College, UQ. We sincerely thank the Student Recruitment teams, including Student Ambassadors of the following Universities, Southern Cross University; Griffith University; QUT, University of Queensland and Bond University for sharing their time with us as we explored each campus and several faculties.

Incredible thanks for QUT for funding our student’s participation which significantly reduced the cost of this overnight excursion. Along with SCU starting us off with breakfast and Bond University finishing our excursion with lunch. Each University offered an insight into applying to UNI and different areas of study from SCU health faculty, QUT Robotics program and a highlight for our science students was a talk from Professor Darren Martin's on “Inventing materials for a better world” and a tour of the labs. Professor Martin is from the Northern Rivers, and we are so thankful that he took up the opportunity with post-graduate students to share their current research projects with our students.

This overnight excursion is jointly coordinated with the Careers Advisers from Murwillumbah Learning Community High School and Tweed River High School. THANK YOU to Cristhian Colli, Head Teacher, Science and Mrs Brodee Jeffrey, Year 12 Year Adviser for supporting this trip.

WORK EXPERIENCE – Year 10

The Mullumbimby High School Work Experience program has a long tradition of support from local employers and provides the opportunity for students to improve their ideas about their post-school options. Our employers range from sole operators to government organisations and a huge shout out to Byron Shire Council; Byron Central Hospital and Principal David Lees and the team at Mullumbimby Public School for all hosting five students. Leading into Christmas, there is no doubt that a lot of fun was had by our three students being hosted at Coolamon Villas with support of Ashlee Crawford, Lifestyle Coordinator from decorating Christmas Trees, baking cookies, spending time with residents and lots of singing.

Thank you to our Year 10 students, their parents/carers for supporting their work experience and the following employers and teams for supporting our Year 10 students to increase their knowledge of the world of work.

THANK YOU

2025

Going forward, the MHS Careers Education program will continue to expand into 2025 as we are currently planning to explore career opportunities for MHS students in the Fashion/Textile industry and engage students interested in Early Childhood Education and Care and/or teaching through a reading program with our Public Schools. Along with the Year 10 Work Experience, UNI Lunchtime sessions and the annual EPP Aviation; Hospitality and Marine/Fishing industry expos – next year is shaping up to be a year of career learning experiences.

STUDENT REPRESENTATIVE COUNCIL

Pictured: Left to Right - Kelly Spilstead (Principal Term 1-3), Safiya Wilkinson (Captain), Gabe Libonati (Vice Captain), John Ray (Captain) and Rotem Hadad (Vice Captain).

We said farewell to the fantastic 2024 Captains and Vice Captains and welcomed in the new leaders.

Pictured: Left to right- Bonnie Martin (Vice Captain), Matilda Langtry (Vice Captain), Mr Johnson (Relieving Principal), Solomon Wolff (Captain) and Monet Shortland (Captain)

Messages from our Student Leaders

The senior leadership team is proud to be able to congratulate year 11's smooth transition into year 12 over the past term. In week 6, the year 11 presentation assembly was a success, and as a celebratory afternoon, the captains hosted a year 12 movie night. In week 7, year 12 went on a uni roadshow, visiting five different universities in Queensland and learning about the different opportunities after high school. Year 12 is excited to have a well-deserved break and to enter 2025 with a strong determination to complete the year and make it a good one. We also wish the best for all other years and are excited to be the exemplary leaders of Mullumbimby High School. **Monet Shortland**

2024 has been a tremendous year for all of Mullumbimby High School, regaining our hall from the floods and many impressive sporting and academic achievements. With the help and support of SRC and the senior leadership team, MHS has established the Environmental Awareness Team and the request funds program and run fundraisers for Dementia awareness and International Women's Day. These initiatives and fundraisers have helped our school and the wider community, and the student council is eager to serve the school community again next year. We should all be proud of the extraordinary effort and results all students have accomplished throughout MHS. These upcoming holidays are a well-deserved break for all. The SRC and Captains wish everyone a safe and happy holiday. **Matilda Langtry**

As the Mullumbimby High School community, we have achieved so much this year. We have finally reopened all buildings in the school, allowing our teachers to educate without restriction and providing our students with the freedom to learn with the high-quality facilities we have available here at Mullum. Following this, we have seen many athletes excelling across a broad range of individual and team sports, having significant success and students shining in their academic journeys, proving that at Mullum we achieve great things. There is so much for our Mullum community to be proud of this year, and we should look forward to the opportunities and success 2025 will bring us. **Solomon Wolff**

It has been such a bittersweet term as we said goodbye to the class of 2024 and with some of year 11 completing HSC exams, but it has ultimately been exciting. I am looking forward to next year and to having the ability to use all of our new facilities that have been recently repaired, such as the hospitality kitchens

and the hall. I hope you all enjoy your well-deserved holidays, looking forward to a great year next year. **Bonnie Martin**

Mullumbimby High School Environmental Awareness Team: A Year of Positive Change!

We are excited to share that the Mullumbimby High School Environmental Awareness Team has successfully completed its first half-year of operation! Launched in Term 2 in the middle of June, this passionate group of students has worked hard to make our school more environmentally conscious and sustainable.

Pictured: Gabriel Fehlberg, Luke Beaton and Zac Johnson with Senior Researcher Dr Douglas Tait at the Ocean Voices event

This year, our Year 7 students created vibrant, informative posters to help us understand what belongs in each bin, focusing on the commonly mistaken items from the canteen. These eye-catching visuals are proudly displayed around the school, guiding everyone to sort waste more effectively.

In addition, the team has been active with daily Sentral notices, reminding us all about the correct disposal of coffee cups, ensuring they go into the red bin (not the yellow!) and encouraging the return and recycling of 10-cent deposit bottles. We can collect the funds to support more school initiatives by placing them in classroom bins.

I am incredibly proud of the team's dedication and look forward to seeing even more progress in the year ahead. Together, we're making Mullumbimby High School a greener, cleaner learning place!

Watch for more updates and thank you for supporting our environmental journey! **Monet Shortland (Year 12)**

TECHNOLOGY

Year 7 Materials Technology students have been focused on designing and constructing timber pencil boxes. This project helps them develop skills in measuring, cutting, assembling timber, and documenting their progress in portfolios.

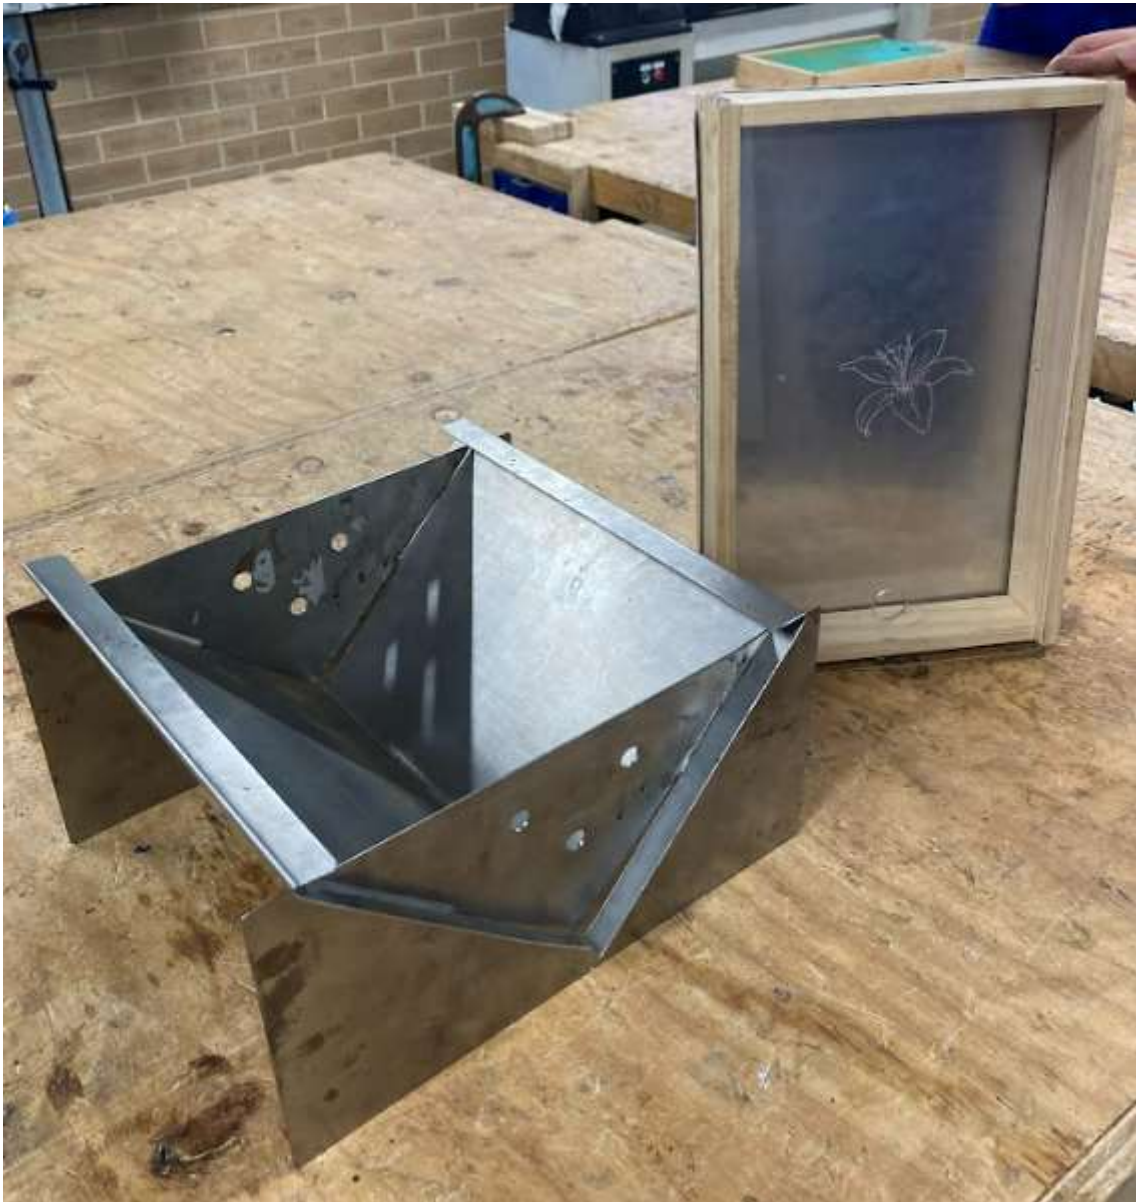

Year 8 Material Technology students in Trimester 2 successfully designed and constructed flat-pack fire pits using metalwork tools. After completing their fire pits, they had the opportunity to test them out by

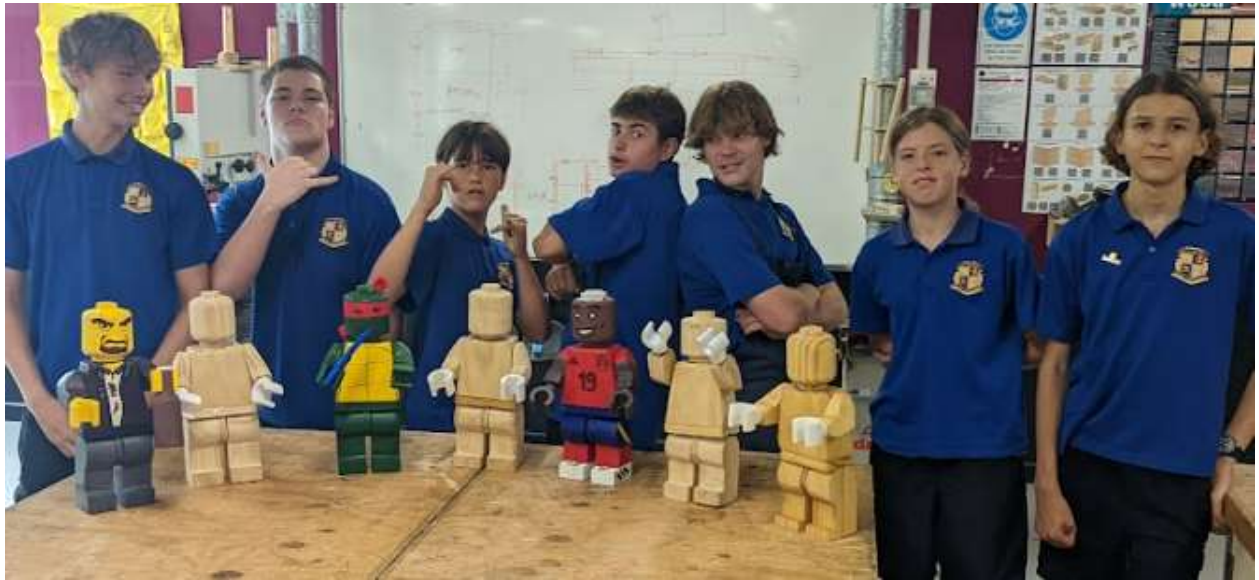

roasting marshmallows. Trimester 3 students are now focusing on creating custom fire pit case boxes, learning new practical skills and attention to detail.

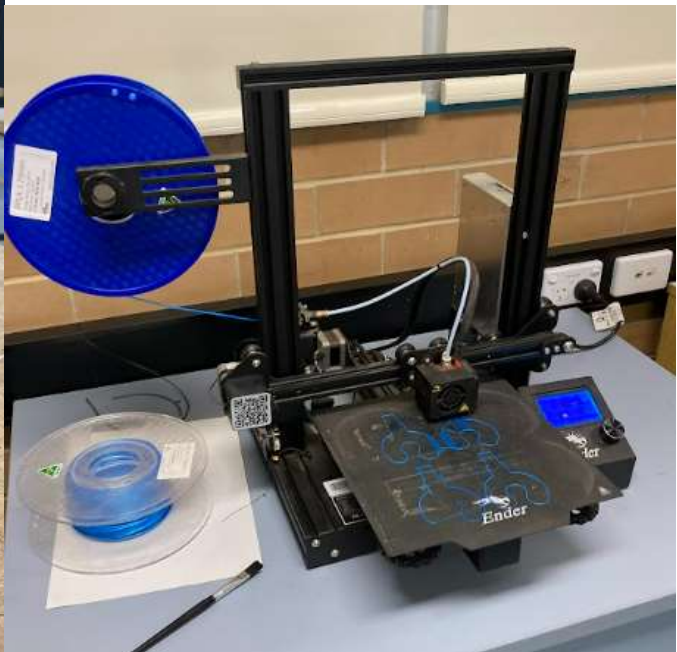

Our Year 9 Design and Technology class has been working towards creating a 10:1 LEGO figure. Students have utilised the timber lathe to carve out the LEGO heads and are now nearing completion of the timber and decorative components. Throughout the project, students are documenting their design process in digital portfolios, showcasing their creativity and craftsmanship.

Year 9 Construction students have been hard at work finalising their cement top coffee tables this term. They have successfully created formwork moulds and poured cement tops, which were then attached to the table legs. This project has provided them with valuable hands-on experience, enhancing their technical skills and understanding of key construction techniques. The students are proud of their completed tables and the skills they've gained throughout the process.

The Junior Support class has been busy this term with hands-on projects that showcase their growing skills. They successfully constructed two possum homes, which have been installed in the school's agricultural area, contributing to local wildlife support. The students also designed and built treat dispensers, applying their measuring, cutting, drilling, sanding, and engineering skills. They had a great time putting their creations to the test by filling them with treats for a fun and engaging conclusion to the project.

YEAR 10 FORMAL

Congratulations to Year 10 Class of 2024!

YEAR 12 FORMAL

Congratulations to Year 12 class of 2024!

COMMUNITY ANNOUNCEMENTS

Safer Drivers Courses for Learners

**Wednesday
22nd January
10am to 1pm**

BECOME A SAFER DRIVER AND EARN 20 LOG BOOK HOURS BY ENROLLING IN A SAFER DRIVERS COURSE.

Cost \$140
